Objective

Motivated and detail-oriented Computer Science student at the American University of Sharjah, with a strong background in object-oriented programming, and web technologies. Skilled in multiple programming languages including C++, Python, Assembly, JavaScript, SQL, Java, HTML/CSS.

Education

American University of Sharjah

Sharjah, UAE

Junior student majoring in Computer Science - GPA (3.3)

2023 - present

Relevant coursework: Computer Networks, Design analysis of algorithms, Data Structures, Operating systems, Frontend /Backend Web Application Development, Digital Systems Design, Computer Systems, Artificial Intelligence, Object Oriented Programming

- Dean's list recipient (Spring 2025)
- Dean's list recipient (Spring 2026)

Emirates National Schools

Abu Dhabi, UAE

High school diploma, 98.1%

2011 - 2023

Relevant Coursework: AP Calculus (scored 5/5), AP chemistry (scored 3/5), ACT chemistry (scored 30/36)

Experience

- **Web Application Development Project:** Collaborated in a team to build a fully functional website from scratch with both front-end and back-end components. Users can login and create accounts to rate professors and can add comments. We also added interactive features such as top-rated professors and a moderator account that can delete comments and ratings.
 - **Teamwork & Communication:** Collaborated with classmates on different university projects and workshops, effectively coordinating tasks and sharing ideas.
 - **Organization & Time Management:** Balanced a rigorous computer science curriculum with participation in extracurricular activities, demonstrating strong time management and team coordination.
 - **Problem-Solving & Technical Skills:** Completed coding assignments and lab work requiring analytical thinking, precision, and attention to detail in languages such as C++, Python, and JavaScript.
 - **Extracurricular activities:** Volunteered in multiple university events, participated in workshops
-

Skills & Interests

- **Programming Languages:** Python, C++, Java, x86 assembly, JavaScript, SQL, HTML/CSS
 - **Frameworks/tools:** MySQL, Tomcat, Git, Cisco Packet tracer, Wireshark
 - **Languages:** Fluent in both English and Arabic.
 - **Interpersonal Skills:** Friendly, strong communicator, collaborative team member, adaptive under pressure
